

Frisco Police Department
City of Frisco, Texas

Memorandum

To: **Honorable Mayor Maso and Members of the Frisco City Council**

Cc: **George A. Purefoy, City Manager**
 Ron Patterson, Assistant City Manager

From: Greg Ward

Date: 04/10/2009

Agenda Caption: Consider and act upon authorization for the City Manager to execute an agreement between the cities of Allen, Frisco, Plano and the Presbyterian Plano Diagnostics Surgery Center for the use of the Allen, Frisco, and Plano 800 MHz Trunked Communications System.

Action Requested: Execute an agreement between the Cities of Allen, Frisco, Plano and the Presbyterian Plano Diagnostics Surgery Center for the use of current Allen, Frisco, and Plano Communications System.

The Presbyterian Plano Diagnostics Surgery Center wishes to use the current Allen, Frisco, Plano Communications system for day to day use in their buildings and facilities and for the ability to communicate with Plano dispatch in time of emergency. The agreement would be for a period of one (1) year with an optional two (2) year automatic renewal.

Presbyterian Plano Diagnostic Surgery Center would be charged fees for the use of the communications system. Their use of the communication system will be minimal and will have no adverse performance issues to the communications system for the Cities of Frisco, Allen, or Plano.

Background Information: This use agreement is for the system that the Cities of Allen, Frisco, and Plano currently have joint ownership of, which is an 800 MHz trunked communications system used for the purpose of providing radio

communications in support of their respective governmental operations. This is also the system that we will be leaving once our own radio system is up and running the first part of 2010.
